

RiseUp Community School: Science Teacher Job Description

Employees at RiseUp Community School must be committed to the Vision and Mission of the School.

Our vision is that all young people, regardless of their circumstances, have access to an education that will prepare them to counter social inequities and realize their full potential. Our school empowers young people to transform themselves and become leaders in their communities. Our school is a haven of trust and respect, where students can prepare for success in careers, post-secondary education and life. 100% of our graduates are prepared for and go on to post-secondary education or meaningful careers.

The mission of RiseUp Community School is to engage young people who have previously dropped out of school or are at risk of dropping out in a supportive learning environment that holds each student to high expectations, cultivates social justice, and inspires every student to achieve a high school diploma and become prepared for college and careers after graduation.

School Overview:

We believe that all students deserve an education rich in experience that allows students to be agents of change in their own lives. RiseUp Community School offers project-based courses to students and provides them with a community integrated and context based education. Employees are key in the creation of an education experience that encompasses academic, career and college planning, and social responsibility believe that the best way to learn is through applying new knowledge and skills to real-world projects.

Position Overview:

Teachers at RiseUp are, first and foremost, generalists. Teachers work closely as a cohort to create a seamless educational experience for students and this means they must understand the landscape of all subjects and understand where his or her content specialty fits within this landscape. Each teacher is in charge of developing his or her department by ensuring curriculum meets the mission and vision of the school.

RiseUp believes that, in order to be an informed and active citizen, knowledge of science is essential. Science classes at RiseUp focus on the real and practical ways we see science every day and the thinking processes of a scientist. Students leave with the habits and skills of a scientist, an understanding of why science is important, and an awareness of the presence of scientific concepts in everyday life.

Teaching and Assessment:

- Plan and implement curricula that matches the school's mission and vision.
- Collaborate with other teachers to ensure a comprehensive and unified education program.
- Use assessment data, including but not limited to MAP results, prior course grades, and teacher created assessments, to plan appropriate instructional practices and interventions.
- Prepare all students to present work during a final exhibition.

Curriculum development:

- Design units of study that develop the necessary skills for college, career, and citizenship.
- Ensure Common Core State Standards, or appropriate content standards, and RiseUp competencies are integrated in the design of the curriculum.
- Create units of study from established and self-created curricula.

Professional development:

- Partake in individual and personal growth learning opportunities.
- Attend and implement all-school professional development around pedagogy, curriculum, and professional learning communities.
- Facilitate in-house professional development as needed.
- Set clear change goals based on feedback (from supervisor, peers, PD, students, etc.) to improve instruction.

Experience:

- Applicants must be a Highly Qualified Teacher by holding one of the following:
 - 1) earn an endorsement or hold a degree in assigned field,
 - 2) pass a Colorado content test in assigned field (e.g., PLACE, PRAXIS II),
 - 3) earn 24-semester hours in assigned field,
 - 4) earn National Board Certification in assigned field,
 - 5) or pass a secondary multi-subject HOUSSE* provision)OR possess a current Colorado Teaching License.
- Demonstrated belief in the vision and mission of RiseUp Community School
- 3+ years teaching experience preferred.

Compensation and Benefits:

- Competitive salary commensurate with experience
- Comprehensive benefits (health, dental, vision)

To apply:

- Cover letter- address why RiseUp Community School is of interest and a good fit for you, and highlight unique skill sets and/or beliefs you possess that may not come through in your resume.
- Resume/CV (include three references)
- This position begins July 1 with an option to participate in PD in May 2020.
